

We're more than just a parts supplier—we're a full-service sealing partner.

# O-Rings, Gasketing & Sealing Materials

When you work with us, you're not just getting product. You're getting dedicated support, expert guidance, and a team that handles the details, so you don't have to.

## Our Manufacturing Capabilities Include:

- Die-Cutting: Flatbed, Rotary, Punch Press
- Die-Less Cutting: Waterjet, Laser, Flash Cutters
- Form In Place Gasketing
- Rubber Molding
- Slitting/Laminating
- Splicing/Vulcanizing
- Bunsplitting/Bunwelding
- Rapid Prototyping

## Product Variety

### O-RINGS

FFKM  
Silicone  
FKM Viton  
Fluorosilicone  
AFLAS

Buna-N Nitrile  
EPDM  
Neoprene  
Custom

### GASKETS

Compressed Sheet  
Commercial Rubber  
Flexible Graphite  
Spiral Wound

Metal & Metallic  
ePTFE (Teflon)  
Beater Add  
Geltek  
NSF-61

### EMI SHIELDING

Conductive Elastomers  
EMI Shielded Vents  
Form-in-Place Gaskets  
Metal Mesh Gaskets

EMI Windows  
Connector Gaskets  
Copper Fingerstock

### THERMAL MANAGEMENT

Thermally Conductive Pads & Fillers  
Thermally Conductive Gels  
Thermally Conductive Tapes

### ADHESIVES & SEALANTS

PSAs & 3M VHB  
Devcon Epoxies  
Conductive Adhesives

Loctite  
Silicone RTV

### SEALS

Elastomer  
Metal  
Hydraulic  
Radial Shaft

Press-in-Place  
Fabric Reinforced  
Spring Energized

### Gore® PROTECTIVE VENTS

Snap-in  
Adhesive  
Screw-In

Acoustic  
Gearbox

### MOLDED RUBBER PARTS

Grommets  
O-Rings  
Seals  
Cable Guides

Diaphragms  
Bumpers  
Insulators  
Isolators  
Perimeter Gaskets

### FOAM & SPONGE

Silicone  
Polyurethane  
Blended Foam  
Open & closed-cell

Neoprene  
EPDM  
Polyester

716.684.7600

**GLOBAL LEADER IN AEROSPACE, DEFENSE & INDUSTRIAL INNOVATIONS**

FABRICATION | CONTRACT MANUFACTURING | DISTRIBUTION | ENGINEERING SUPPORT

# Our Added Value

## One-to-One Customer Service

- Expert support from a friendly, knowledgeable team
- Fast, reliable global service with Oracle ERP integration

## VMI (Vendor Managed Inventory)

- Greater efficiency, lower risk, and a seamless supply chain
- Ensures the right sealing products are always on hand when needed

## In-House Tooling & Machine Centers

- Produce high-quality, customized products efficiently
- Maintain control over the whole production process

## Contract Manufacturing & Light Assembly

- Pre-assembled, tested parts for faster installs and lower labor costs
- Bonding, assembly, packaging, and QA—ready to use, built to spec

## Kitting, Barcoding & Special Packaging

- Branded kits and barcodes to boost efficiency and traceability
- Lower costs, fewer errors, and faster, compliant operations

## Compliance

- In-house team handles global logistics and trade compliance, shipping to 22 countries
- Supports FAR/DFARS contract reviews for government work
- NIST 800-171 Compliant
- Pursuing CMMC Level 2 Certification Target August 2026

## Application Engineers

- Engineering support for optimized sealing solutions
- Material, compliance, and cost guidance tailored to you

## Industry Partners

Authorized Distributor

GORE® Protective Vents
